ORDER:

In the letter read above, the Engineer – in – Chief (Admin), Water Resources Department, Vijayawada has stated that at present the GNSS Division, is functioning with Head Quarters at Proddatur. The Division is initially located at Nandyal town, Kurnool District mainly for the purpose of Investigation works of GNSS Scheme. Later K.C. Canal Works which were under the control of CE, Projects, Kadapa were allotted to the above Division and shifted to Proddatur town keeping in view of the proximity of LCB-06 K.C. Canal Modernisation Projects. Later the above Division is continued at Proddatur even after completion of K.C. Canal works as further works of Package-II of GNSS Phase-I and Package-III of GNSS Phase-II were allotted to the above Division. Now GNSS Division, Proddatur and two of its Sub Division viz, GNSS Sub Division No. 2, Yarraguntla and GNSS Sub Division No. 3, Yerraguntla are attending to the Package-III of GNSS Phase-II. The location of the package-3 under GNSS phase-II which is currently under the jurisdiction of the Division is very nearer to Kadapa than Proddatur. The Executive Engineer and the field officers can access the site of the work in shorter time, if the Division Office along with Sub Divisions 2 & 3 are shifted to Kadapa. All the correspondence and reference of the Chief Engineer's office and circle office can be answered and disposed off in time, if the Division is shifted to Kadapa by avoiding travel time from Proddatur to Kadapa. All the bills to be submitted to the APAO, Kadapa have specific dates and times for online submission and physical presentation of bills. This can be easily achieved when this Division office is shifted to Kadapa. He has requested the Govt., to examine the issue and orders for shifting of the GNSS Division, Proddatur, GNSS Sub Division No. 2, Yerraguntla and GNSS Sub Division No. 3, Yerraguntla to Kadapa for administrative convenience.

P.T.O

2.
